THE COMPANY GGR ENTERPRISES

GGR Enterprises is a pioneer in the manufacture of Stencil Cutting Machines in India. Today GGR is a reputed provider for total marking systems to most countries in the world.

GGR manufactures the largest range in fourteen sizes at par with international specification standards. Our specification chart appears on the front page.

A selection chart of different sizes of 'Stencil' templates appears on the back page for you to select the size best suited for your requirements.

GGR offers its valued customers a complete range of quality machines and allied accessories in stencil marking systems.

GGR STENCIL CUTTING MACHINE

GGR Stencil Cutting Machine is a rugged, hand-operated equipment designed to cut stencils with equal spacing and parallel lines, of any length, on oil boards for marking on outer transport packages like cases, cartons, pallets, drums, etc, etc...

All one has to do is select the letter on the reading dial and press the handle downwards effortlessly till it cuts the oil board. The unit automatically advances itself precisely to the next slot to cut the next desired character.

GGR OIL STENCIL INKS

Specially formulated for marking on porous & non-porous surfaces such as packing cases, corrugated cartons, pallets and almost on any surface or material.

OIL STENCIL INK COLOURS AVAILABLE :

Special colours are available in bulk qty. as per order.

GGR OIL STENCIL BOARDS

GGR oil stencil boards are specially manufactured for all types of stencil cutting machines which are impregnated with special oils which automatically lubricates the punches and dies during the cutting operation. It also resists ink absorptions so that you can use the same stencil boards over & over again.

We offer the widest range of Oil Stencil Boards to choose from :

- ✓ Super thin oil stencil board
- ✓ Super thin double side poly-laminated oil stencil board
- ✓ Special variety oil stencil board
- ✓ Special variety double side poly-laminated oil stencil board

The machine will also cut locally available paper board upto 325 gsm / .015" boards, but it is highly recommended that you use GGR Oil Stencil Board for best results, and longevity of the dies and punches.
